EDUARDO GAMERO-CASADO	
I. Introduction: purpose and scope of this chapter	27
II. Conceptual delimitation of the <i>potestad administrativa</i>: distinctive features	30
1. <i>Potestad is a unilateral legal power granted to satisfy the interest of third parties</i>	31
2. <i>Public powers (potestades públicas): concept and demarcation from private individuals. General interest and potestad administrativa</i>	37
2.1. <i>Public "potestades" as powers conferred to satisfy the general interest</i>	37
2.2. <i>How the general interest linked to the conferral and exercise of a "potestad administrativa" is determined</i>	40

Enforceability as a specific potestad administrativa</i>	51
3.	<i>The attribution of potestades administrativas is based on the principle of legality. The exercise of potestades administrativas without competence to do so is an invalidity defect</i>	55
4.	<i>Exercise of potestades administrativas and administrative procedure</i>	56
4.1.	The exercise of “ <i>potestades administrativas</i> ” is subjected to procedural guarantees, which vary in intensity depending on the <i>potestad administrativa</i> being exercised	56
4.2.	Substantive participation in the processing of an administrative procedure involves the exercise of “ <i>potestades administrativas</i> ”	58
